

Hi All

Whilst I have not yet received all entries, it is looking as if we will have approximately 150 spectator tickets available for each session of the Shrimp gala and maybe a few more when I work exact numbers out early next week. I am conscious that parents wish to ensure they can watch their children swim and would ask that you send the following out to your club.

### **Newcastle Shrimp Gala 3rd October**

In order to collect names for track and trace and manage numbers at the Shrimp gala we will be operating a booking system for tickets. This is booking only - no payment is due on booking. Payment will be made at the door on the day of the event.

Whilst our closing date is not until Monday 27th, I anticipate that we will have between 80-120 swimmers at each session. We will start taking bookings with 150 tickets available each session and may be able to increase this mid next week to ensure we stay within Sunderland Aquatic Centre imposed limits.

We would therefore ask that you only book **one ticket per session up to Midnight Tuesday 28th September** to allow everyone time to access one per swimmer, after that time you can log back onto Eventbrite and increase your ticket allocation if you wish on a first come first served basis. We will also have exact numbers per session by that time and hope to be able to release more tickets up to capacity limits. As a club, we want to ensure that everyone has an opportunity to see their child(ren) swim in their first competition post-pandemic and that everyone has an opportunity to access 1 per swimmer.

Please find links below for each session now open on Eventbrite - ensure you book tickets for the correct session that your swimmer is in - either Session 1 AM or Session 2 PM.

Thanks

Julie Row
